

SANDANA is a 2023 53E, that has been meticulously maintained by knowledgeable owners with over 30,000 nm cruising experience.

SANDANA is in like-new, pristine condition. No waiting for a new build, or spending years addressing "new boat" issues. Get perfect now!

All maintenance is completed and logged. New bottom paint and full hull polish & wax completed in May 2026.

For those unfamiliar with this model, the **53 E (Euro)** is an upgrade to the popular 49E, achieved by extending the hull's length.

The Extended Hull and Euro Design provide:

- Huge cockpit with bench settee and expanding table, with enough space to entertain 10+ guests
- Expansive Lazarette extends to the end of the swim deck, providing tremendous storage
- Longer waterline length for more efficient cruising. Just under 14 kts max speed, with efficient cruising at 2 nm/gal at 7.5 to 8 kts
- Galley aft layout, with a large salon and galley area for an expanded living area and entertainment
- Full beam centerline master, with a queen VIP berth forward
- Huge windows in the salon/galley provide a feeling of being outside while being comfortably inside during inclement weather

SANDANA is docked during the winter in Vancouver, BC, in fresh water on the Fraser River, 10 minutes from Vancouver Intl. Airport. Slip available to buyers interested in keeping the boat in BC. Cruising the San Juan Islands and WA starting June 2026, and available for viewing any time.

Full details and specs on the 49E are available on the NPY website: [49 Euro Pilothouse.](#)

Expansive aft-deck

Aft Deck, Large glass sliding doors, settee seats 4 adults

Galley aft, notice coffee station operated by push button

View from L-shaped settee to bank of storage starboard in salon
